SO wise Outstanding Statement –Change to --- Sales Employee Evaluation report

- Change BG – Not Satisfactory
- Discount fields we entered while raising Invoice and you can get it from P&L Discount GL---
Please incorporate into it
- Salary and TADA not separated
- Master Reset not enabled
- Eventhough all data calling from GL's, Please do it as suggested by Sudheer Sir
- Old Collections all balances are displaying "0". So let us know the Base where did u get this from sir
- Please insert graphs, Bars, analysis into this report

Ageing

- **Report is not available in detailed mode.** Salaries and TADA Bank data is there
- No Drilldowns available, No Detailed analysis
- There is so much space available. Please workout it accordingly

Note : We need a call to let us know the reasons for the changes suggested by Sudheer sir are not incorporated. On that day around 120 changes suggested but hardly we are able to see 50 to 60 points shared a doc done by Tekroi Team

The report shared by Tekroi team is not in detail explanation. It leads to confusion mode for us

Let say

U said in report in Sales Analysis report- Overview, India, Daily Sales etc., the changes are done. But when we go through the report, but it remains same as before.

Therefore, we request please have a call with Venkat sir, So that we can discuss and he can explain accordingly .
